

Discontinuation of production of Easy-setup kit

■ Date of Issue
July 2026

■ Applicable Model
MELFA AS Series

We would like to express our sincere gratitude for your continued patronage of the Mitsubishi Electric collaborative robot, MELFA ASSISTA. We regret to inform you that the Easy-setup kit product you have been using will be discontinued.
Thank you for your understanding.

1. Applicable products

The applicable products are as follows.

Name	Model	Description
Easy-setup kit	4F-ASSISTA-SETUP-JP (for Japan/North America)	Equipment set required for startup work • Box with emergency stop and selector switch
	4F-ASSISTA-SETUP-EU (for Europe/China)	• DC24V power supply unit and cable • Earth leakage circuit breaker • SDIO cable for safety expansion unit

2. Schedule

Order deadline : End of August 2026

Production discontinuation date : End of December 2026

*Production will continue only while supplies last, due to limited inventory of parts.

3. Reason for discontinuation

This is because some of the components used are becoming difficult to procure, making it difficult to continue production in the future.

4. Repair support

Repair acceptance: Through December ,2033
(For 7years after production discontinuation)

*Please understand that we may not be able to repair a broken part depending on the location of the problem.
